### Residential Living:

- Visitation Requirements: Visitation is open for Residential Living. We ask that residents, staff and visitors wear a mask while in public areas on campus.

### Amenity Areas:

- Dining – The dining room and Bistro are open for residential residents to dine in. We currently are not able to have guests dine in the dining room and Bistro but look forward to this being available soon. If residents would like to have a guest dine with them in their apartment, they can arrange to have their meals picked up in the designated area.
- Fitness Center and Fitness Classes- Fitness Center is open normal hours for residents and class are also available with a limited capacity due to spacing.
- Activities – There are both in person and virtual activities and fitness programs available. In person activities on campus have resumed with committee meetings, gatherings in common areas and with expanded use of meeting rooms.
- Vesper Services: Vesper Services will resume Sunday, May 2<sup>nd</sup> for up to 60 residents in person and broadcast on channel 3901.
- Beauty and Barber Shop – The Beauty and Barber Shop is open. Reservations are needed.
- There may be some different guidelines for residents who are unvaccinated. Contact Linda Pérez at 303-515-4828 for more information.

### Assisted Living:

Visitation Requirements: Visitation is available for friends and family with prior reservation. Please make your reservations with Leslie Ruta at [LARuta@covliving.org](mailto:LARuta@covliving.org). You will be screened upon entering the campus per CDC guidelines. Please wear masks while on campus and maintain social distancing.

We recommend following the basic core principles for preventing COVID-19 as follows:

- Hand hygiene. An alcohol-based hand rub will be used upon entrance and exiting.
- Wearing a well-fitting facemask that fully covers the mouth and nose.
- Keeping people 6 feet apart (social distancing).
- Cleaning and disinfecting of frequently touched surfaces.

***Definition of fully vaccinated:*** People are considered fully vaccinated for COVID-19 two weeks after their second dose of a vaccine that requires two doses (like Pfizer or Moderna), or two weeks after they get a single dose of a vaccine that requires one dose (like Johnson & Johnson).
